

## Apple Picking Guide

### **#1 Recommended: Fishkill Farms – an Eco-Farm in the Hudson Valley**

9 Fishkill Farm Road, Hopewell Junction, NY  
Open 7 days, 9 a.m. – 6 p.m.

For those healthy, little bodies, Fishkill Farms is a great spot to visit because it's an eco-friendly farm – and it's not easy to find apples that aren't treated with heavy pesticides.

They are the only farm in the area to offer at least one variety of organic each season. Although sometimes these are overpicked and not available on a given weekend, but not to worry as the rest of the orchard uses Integrated Pest Management (read: spraying a preferably eco-friendly pesticide when necessary and using other natural ways to manage pests and disease).
