

MORNING SMOKEYS – Spring 2020
Nursery through Pre-K

Start Date:	Monday, March 30, 2020
End Date:	Friday, May 22
Location:	PIFS
Time:	9:15am-12:30pm (includes lunch)
Session Price:	\$480 per selected day session

Looking for longer days?! Come join us for Smokeys where you can choose from a range of activities to get your child's mind and body moving. Whether exploring American history, signs of spring, or adventuring outside of the PIFS campus, your child is sure to have a fun and enriching experience.

Smokeys will not be held on the following holidays

Friday, April 10 (Good Friday)

Tuition is non-refundable after April 9. The School reserves the right to cancel if enrollment is not adequate. NO REFUNDS FOR HOLIDAY OR SICKNESS WILL BE MADE. MAKE UP DAYS ARE NOT PROVIDED.

Session Options:

MONDAY

JOURNEY THROUGH AMERICAN HISTORY (Pre-K ONLY)

Led by Chace Wierdsma & Clarissa Moore

This is a year-long program designed especially for Pre-K. Children will become excited about the history of our country and see the world through the eyes of earlier Americans. Grinding corn, cooking over open fires, making candles, churning butter, and collecting sap from our campus maple trees to make maple syrup, the children will become familiar with the everyday activities of Pilgrims, explorers, settlers of the west and inventors.

TUESDAY

FIELD TRIPS (Ages 4 and 5 ONLY)

Led by Chace Wierdsma & Clarissa Moore

We explore the natural wonders of Greenwich and the surrounding area. Activities include play and exploration and visits to local nature centers. We depart PIFS by 10:00 and return in time for lunch.

WEDNESDAY

FIELD TRIPS (Ages 4 and 5 ONLY)

Led by Chris Terry & Clarissa Moore

We explore the natural wonders of Greenwich and the surrounding area. Activities include play and exploration and visits to local nature centers. We depart PIFS by 10:00 and return in time for lunch.

FRIDAY

SIGNS OF SPRING

Led by Anitra Brooks & Clarissa Moore

Spring has sprung and signs of spring are everywhere. We will observe these seasonal changes around campus and in nature through active, hands-on investigation, exploration and related activities. Children will also help to prepare the school grounds for spring including readying our gardens and supporting the school's composting program.
