

PUTNAM INDIAN FIELD SCHOOL

SUMMER CAMP

Our many COVID procedures that have proven successful in maintaining our healthy learning environment for our children, families and staff will be continued in our Summer Camp. Campers will be placed in playgroups which will serve as “pods” for the duration of Summer Camp. They will have their own classrooms and daily assigned outdoor play spaces. Further details regarding these policies as well as our Community Pledge and other forms, will be forwarded after registration and are available, upon request.
